Marc

Thank you for the initiative. I believe your predecessors attempted the same strategy. As I recall, we were turned away as being deemed unconstitutional. Kurt may have the back story. Definitely worth trying again.

Subject: Fwd: 166a4 Shawn

prior old info on it:

Penal Code Section 166(a)(4) which is the charging section used for defendants who have: 1) *violated* the Central City Recovery Zone Injunction and 2) who have been *served* with the CCRZ Injunction and 3) who are identified as a *named individual* within the CCRZ injunction.

Please see quick synopsis below which can be found on the Los Angeles City Attorney's website re the CCRZ injunction.

LACA website (gang section) also includes a copy of the CCRZ injunction: Please note: There are three SETS (SET I, SET II, SET III which are all identical except that the court divided the named individuals into 3 separate sets).

"The City Attorney's Anti-Gang Section secured a final order granting permanent injunction against 78 drug dealers and the Grape Street Crips gang based on evidence that these drug dealers, gang members and career criminals are engaged in a pattern of illegal activities and unlawful business practices. The permanent injunction is effective within a "Central City Recovery Zone," an area of the city where the most vulnerable members of our society, the homeless including children, the disabled, the mentally ill, and the alcohol and drug-addicted come to seek refuge, services, rehabilitation, and a second chance. These 78 drug dealers and Grape Street Crips gang members can no longer "commute" and move their criminal conduct from other areas around the city into the "Recovery Zone" to either sell drugs, use the homeless and drug-addicted in Skid Row to further their narcotics sales, or otherwise victimize this vulnerable group. The permanent injunction will help put these criminals out of business and return the Skid Row area to its original intended purpose -- giving people who seek and need recovery a genuine opportunity to achieve that goal -- to get recovery, get well and rejoin society."

Subject: mtg with RESET

Hi Captain,

May be we should meet internally with your new Lt. for RESET before we meet with Sanitation and the Mayor's Office. I want to make sure I am seeing the issues LAPD is facing in the same way you both are. Let me know when you are both free and I can come by the station.

Thanks,

Gita

Subject: Fwd: skid row
Attachments: SR Meet and Greet.pdf

Hi Captain,

Are you free to meet with RESET and Sanitation (if SAN is free- I was checking with you first) on May 16th after this meet and greet? Maybe we can meet at the station. Sanitation confirmed that their OHS team is down in numbers but they said that is only temporary as they are hiring more people.

Alisa would also be there at this meeting.

In the alternative, we could also meet first with your new Lt. from Reset and SAN and then have a subsequent meeting with the Mayor's Office.

thanks,

Gita

Sent: Friday, May 05, 2017 3:13 PM
To: Aloaf Walker
Subject: Skid Row ride along

Hi Sgt. Walker,

The civil attorney from our office on the Mitchell case would like to see first hand some of the most entrenched streets in Skid Row.

Would it be possible for him to ride along with the RESET team to see the following:

Two or three of the streets that LAPD think have the highest concentration of homeless encampments (streets that are really entrenched with this issue- perhaps like Ceres)

1. Visiting the same streets before a scheduled OHS clean up
2. Visiting the same streets one day after the clean up (or maybe later in the afternoon if you feel like the homeless just move right back the same day)
3. Visiting the same streets a week after the clean up.

Could you please let me know if this is possible and if so, when would work for your officers (also given the OHS clean up schedule). I will also probably join him.

Thank you and please let me know if you have questions or this isn't going to work for you all. I suggested to the lawyer that he really get a feel for the way Skid Row has become now and this perspective will probably help him in the Mitchell case.

Thanks,
Gita

Gita,

Hope you are doing well and enjoyed your much deserved week away.

Kent has asked me to follow up with you on the recommendation to have a discussion/workshop with stakeholders re: current state of enforcement of 56.11. Please let me know if there's a good time in the next week or so for us to talk about first steps. Thanks.

Cordially,

Estela Lopez

Hi Kent,

I think that would be helpful and you could also invite Alisa Orduna from the Mayor's office.

I think this disconnect is felt by many residents and business owners across the city. It may be mostly a function of a lack of resources by Sanitation to clean up encampments and illegal dumping in the city at an acceptable rate.

Thanks,

Gita

Asst. City Attorney
Office of the Los Angeles City Attorney

On Mar 30, 2017 10:44 AM, "kent hawkins" <kent@statewideacqcorp.com> wrote:

Gita, it was great to meet with you at the meeting in which Statewide presented our Catalina project this week. As per our discussion, we feel there is a breakdown between the Sanitation district and the police as to helping us keep our sidewalks open and clean to conduct business. We would welcome a workshop between the sanitation and police so we can have an open discussion with stakeholders. As we discussed, it seems like both agencies are looking to the other. We know the law is clear, and they have defined roles. As the city attorney's office is working on getting the injunction released, we need to work thru this so we have a process we can count on.

Let's try to work on getting this workshop asap so we can have clear direction. Thanks again, kent

Keith / Aloaf,

Can you make copies of a few 56.11 citations from different dates and scan and email them to Gita?

She is going to check the system to see if they were ever filed. She is copied on this email.

Thanks,

Keith / Aloaf,

Can you make copies of a few 56.11 citations from different dates and scan and email them to Gita?

She is going to check the system to see if they were ever filed. She is copied on this email.

Thanks,

Captain Marc Reina

Cc: Rena Leddy;Estela Lopez;Keith Bertonneau;Aloaf Walker
Subject: Re: ada access

shouldn't such businesses be cited for blocking sidewalk just as camps are?

ADA has already made a big compromise for camps, access should actually be greater than 60". 48" is generally reserved for pre-existing conditions, right? i really don't think we should be asking ADA for any more compromises beyond this. 36" makes it extremely uncomfortable, if even possible for a person in a wheelchair or even a person walking to navigate camps along a sidewalk. we all know this. let's do something about it. please?

i'm sure those businesses would be more likely to respect 48" if they were told everyone, even camps, have to adhere to this. i'm guessing, they ignore it because it seems ironic that they should have to leave 48" space along a sidewalk when camps are allowed to 100% block the sidewalk. i feel sorry for those businesses, but in my opinion, they should be setting nothing on their sidewalk without necessary permits.

best,
m

Hi Everyone,

Below is an email from Geoffrey Straniere from the Department of Disability (DOD) recommending a 48 inch sidewalk clearance for enforcement purposes. This is beyond the ADA required 36 inches. My informal survey of the sidewalk conditions through the downtown area shows that businesses routinely crowd the sidewalks leaving 48 inches or less of space for passage. Differential enforcement with regards LAMC 42.00(a) (blocking the sidewalk) against homeless and businesses may present constitutional issues. To the extent there is more uniformity with 36 inches, there is stronger legal footing for using 36 inches as a standard at least with respect LAMC 42.00(a) enforcement.

To: Kurt Knecht <kurt.knecht@lacity.org>

Cc: miguel nelson <miguel@marvimon.com>, KEITH BERTONNEAU <27664@lapd.lacity.org>

Gentlemen - Thank you for your efforts and patience while we collectively work out the sidewalk concerns for Both Mr Nelson's environs and for the broader Skid Row neighborhood.

We at the DOD have been working with various City agencies to develop a clear and concise solution for circumstances where sidewalks are being constrained and effectively being made inaccessible by the presence of encampment or other transient, temporary barriers to public rights of way.

There are a number of conflicting guidelines to work through when determining the applicable standards and codes to issues of accessibility. Often, the Federal standards conflict with those of the States, and often further conflict with local ordinance or community standards that themselves may be in opposition to various public policies.

Here, we are evaluating the least restrictive, most accessible thoroughfare possible for existing sidewalks of various widths and dimensions, and the accessible routes that tie curb ramps, curb cuts, crosswalks, traffic signals and other traffic control devices to the in-place concrete flatwork, while trying to secure passable and accessible routes absent barriers human or otherwise.

There are three (3) applicable guidelines and ratified codes in play for the subject concern. the specified dimensions for each are as follows:

The American with Disabilities Act (The ADA) specifies a clear minimum width of 36" to establish an accessible sidewalk width.

The California Building Code (The CBC) specifies a clear minimum width of 48" to establish an accessible sidewalk width.

The Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) specifies a clear minimum width of 60" to establish an accessible sidewalk width.

We are sensitive to creation and preservation of a barrier-free public passage route. We are sensitive to the current sidewalk field conditions, the use of which are being constrained and made impassible by the presence of tents, temporary shelters, or accumulating debris between sanitation control efforts.

In response to these concerns, the Department on Disability recommends that sidewalks remain accessible and barrier-free, without exception, in concurrence with California Building Code requirements that include definitions of accessibility for sidewalk surfaces widths as free and clear of obstruction, and of a sturdy, non-slip texture, with dimensions not less than 48" wide from street-side curb to opposing curb or structure, as is congruent with the LADBS adherence to the CBC to establish code compliance.

Unless otherwise stipulated by Los Angeles Department of Building and Safety officials or agency representatives, the DOD recommends that all associated stakeholders enforce current policy and procedure to assure that sidewalks remain open to the use and enjoyment of all, and work closely with neighbors and residents to accommodate those who rely on the sidewalks to maintain an accessible route to goods, services, or place of residency.

I am committed to assisting you with any issue identified herein, or for any other for which I might be a resource.

Thank you, -Geoffrey

Miguel,

I viewed the various neighborhoods in and around the North Sea District this morning including the Fashion District, Toy District, and Flower District.

There is nothing close to 60 inch sidewalk clearance throughout these areas. Some sidewalks don't expand that length. My concern is that enforcement of 60 inches against the tents in the North Sea District would

lead to complaints of uneven enforcement against homeless. In addition as mentioned before, the ADA website cites cases with 36 inches as the standard.

Kurt

Subject: Re: ada access

shouldn't such businesses be cited for blocking sidewalk just as camps are?

ADA has already made a big compromise for camps, access should actually be greater than 60". 48" is generally reserved for pre-existing conditions, right? i really don't think we should be asking ADA for any more compromises beyond this. 36" makes it extremely uncomfortable, if even possible for a person in a wheelchair or even a person walking to navigate camps along a sidewalk. we all know this. let's do something about it. please?

i'm sure those businesses would be more likely to respect 48" if they were told everyone, even camps, have to adhere to this. i'm guessing, they ignore it because it seems ironic that they should have to leave 48" space along a sidewalk when camps are allowed to 100% block the sidewalk. i feel sorry for those businesses, but in my opinion, they should be setting nothing on their sidewalk without necessary permits.

best,
m

Gentlemen - Thank you for your efforts and patience while we collectively work out the sidewalk concerns for Both Mr Nelson's environs and for the broader Skid Row neighborhood.

We at the DOD have been working with various City agencies to develop a clear and concise solution for circumstances where sidewalks are being constrained and effectively being made inaccessible by the presence of encampment or other transient, temporary barriers to public rights of way.

There are a number of conflicting guidelines to work through when determining the applicable standards and codes to issues of accessibility. Often, the Federal standards conflict with those of the States, and often further conflict with local ordinance or community standards that themselves may be in opposition to various public policies.

Here, we are evaluating the least restrictive, most accessible thoroughfare possible for existing sidewalks of various widths and dimensions, and the accessible routes that tie curb ramps, curb cuts, crosswalks, traffic signals and other traffic control devices to the in-place concrete flatwork, while trying to secure passable and accessible routes absent barriers human or otherwise.

There are three (3) applicable guidelines and ratified codes in play for the subject concern. the specified dimensions for each are as follows:

The American with Disabilities Act (The ADA) specifies a clear minimum width of 36" to establish an accessible sidewalk width.

The California Building Code (The CBC) specifies a clear minimum width of 48" to establish an accessible sidewalk width.

The Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) specifies a clear minimum width of 60" to establish an accessible sidewalk width.

We are sensitive to creation and preservation of a barrier-free public passage route. We are sensitive to the current sidewalk field conditions, the use of which are being constrained and made impassible by the presence of tents, temporary shelters, or accumulating debris between sanitation control efforts.

In response to these concerns, the Department on Disability recommends that sidewalks remain accessible and barrier-free, without exception, in concurrence with California Building Code requirements that include definitions of accessibility for sidewalk surfaces widths as free and clear of obstruction, and of a sturdy, non-slip texture, with dimensions not less than 48" wide from street-side curb to opposing curb or structure, as is congruent with the LADBS adherence to the CBC to establish code compliance.

Unless otherwise stipulated by Los Angeles Department of Building and Safety officials or agency representatives, the DOD recommends that all associated stakeholders enforce current policy and procedure to assure that sidewalks remain open to the use and enjoyment of all, and work closely with neighbors and residents to accommodate those who rely on the sidewalks to maintain an accessible route to goods, services, or place of residency.

I am committed to assisting you with any issue identified herein, or for any other for which I might be a resource.

Thank you, -Geoffrey

I viewed the various neighborhoods in and around the North Sea District this morning including the Fashion District, Toy District, and Flower District.

There is nothing close to 60 inch sidewalk clearance throughout these areas. Some sidewalks don't expand that length. My concern is that enforcement of 60 inches against the tents in the North Sea District would lead to complaints of uneven enforcement against homeless. In addition as mentioned before, the ADA website cites cases with 36 inches as the standard.

Hi Captain Reina,

I met this person at the last CCEA meeting. I also have been by this corner a few times and it has gotten progressively worse. Kurt and I have been trying to meet with the person who runs the Downtown Women's Shelter to get her input on this issue but it seems like a corner that needs some help.

We are happy to host a meeting to work with the property owners but would also need to see if it is possible to LAPD to do enforcement here and what that would look like. I know Central is inundated with crime and this corner may not be a priority crime wise. If it isn't possible to do cites, Kurt and I can also see what we can do as a creative solution. This corner wasn't that bad in previous years so something must be drawing everyone in.

Please let me know how you would like us to proceed and we are happy to meet with you in person too.
Thanks,

captain reina, sorry i missed the email from captain leslie early this year announcing that you had replaced him. great to have you on board. i attended the forum yesterday and had a question that i thought would be better to email. here goes...

my neighbors and i have 24/7 ADA accessible path of travel issues along a variety of sidewalks in the area bordered by 5th street to the south, crocker ave to the west, 4th street to the north and stanford street to the east. we have been requesting enforcement over the past 60 days, but unfortunately the best we've been able to do is a handful of citations that are completely disregarded by the individuals blocking access. i've experienced a bit of back and forth where LAPD claims sanitation is responsible and visa versa.

please tell me how we can clear access so that wheelchairs, hand trucks and pedestrians can use these sidewalks?

oh, and maybe you are aware, my neighbors and i have organized and are working on our self-funded neighborhood beautification project called The North Sea. at the moment we have sidewalk fencing up in order to implement our improvements. i am nervous that when we are finished and remove our fencing that camps will be allowed to return and block our ADA accessible path of travel. it would be wonderful if the city could empower your officers to enforce the law by then.

sorry to be the messenger, i know this is an extremely complicated and sensitive issue.

best,
m

Sidewalk blockage related to ADA violations for purposes of 42.00(a) is still 36 inches. DOD is advocating an expansion to 48 inches based on the building code. The DOD's opinion is advisory. Unless LAPD civil council says otherwise, I would go with the ADA 36" width for purposes of 42.00(a) sidewalk blockage.

Subject: Re: ada access

Gentlemen - Thank you for your efforts and patience while we collectively work out the sidewalk concerns for Both Mr Nelson's environs and for the broader Skid Row neighborhood.

We at the DOD have been working with various City agencies to develop a clear and concise solution for circumstances where sidewalks are being constrained and effectively being made inaccessible by the presence of encampment or other transient, temporary barriers to public rights of way.

There are a number of conflicting guidelines to work through when determining the applicable standards and codes to issues of accessibility. Often, the Federal standards conflict with those of the States, and often further conflict with local ordinance or community standards that themselves may be in opposition to various public policies.

Here, we are evaluating the least restrictive, most accessible thoroughfare possible for existing sidewalks of various widths and dimensions, and the accessible routes that tie curb ramps, curb cuts, crosswalks, traffic signals and other traffic control devices to the in-place concrete flatwork, while

trying to secure passable and accessible routes absent barriers human or otherwise.

There are three (3) applicable guidelines and ratified codes in play for the subject concern. the specified dimensions for each are as follows:

The American with Disabilities Act (The ADA) specifies a clear minimum width of 36" to establish an accessible sidewalk width.

The California Building Code (The CBC) specifies a clear minimum width of 48" to establish an accessible sidewalk width.

The Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way (PROWAG) specifies a clear minimum width of 60" to establish an accessible sidewalk width.

We are sensitive to creation and preservation of a barrier-free public passage route. We are sensitive to the current sidewalk field conditions, the use of which are being constrained and made impassible by the presence of tents, temporary shelters, or accumulating debris between sanitation control efforts.

In response to these concerns, the Department on Disability recommends that sidewalks remain accessible and barrier-free, without exception, in concurrence with California Building Code requirements that include definitions of accessibility for sidewalk surfaces widths as free and clear of obstruction, and of a sturdy, non-slip texture, with dimensions not less than 48" wide from street-side curb to opposing curb or structure, as is congruent with the LADBS adherence to the CBC to establish code compliance.

Unless otherwise stipulated by Los Angeles Department of Building and Safety officials or agency representatives, the DOD recommends that all associated stakeholders enforce current policy and procedure to assure that sidewalks remain open to the use and enjoyment of all, and work closely with neighbors and residents to accommodate those who rely on the sidewalks to maintain an accessible route to goods, services, or place of residency.

I am committed to assisting you with any issue identified herein, or for any other for which I might be a resource.

Thank you, -Geoffrey

Subject: Re: thank you for this morning

sgt walker, the camp at our construction corner is not only still there, but has grown over night. they are breeding pitbulls, obstructing our sidewalk, have piles of camp building materials in the street, not to mention an indecent amount of human feces and dog feces. our construction begins this morning at 7am. we need to be able to unload vehicles and carry materials along this path. our seafood neighbors also use this path to transport goods to and from each other. could we please move them by then? they are located where we have our sidewalk use permit and our street use permit.

sorry again to have to ask you for these types of services, miguel

hello sgt walker and bladimir. thank you for your cooperation this morning. we successfully cleaned our block with OHS and fenced the remaining portions of our sidewalks for ongoing building maintenance.

we still have two issues:

1. there is a homeless camp at the corner of our construction site beneath our scaffolding at 4th and towne. this is dangerous and in our way as we pour concrete, load and unload steel, etc. we have both a sidewalk permit and a street use permit. please do everything you can to move this camp off of this block.
2. we still need to fence the north section of 5th street east of towne avenue for approx 150 feet. OHS wasn't prepared to help us with this today. we have had our permit posted in that area since friday. could you please coordinate this sidewalk clearance with us tomorrow morning?

best,
m

hello sgt walker and bladimir, please confirm that next tuesday 3/28 is operation healthy streets on towne ave between 4th and 5th street? we will be fencing the east side of the sidewalk as you clean. same as we have already done on the west side. i'd like to coordinate this group effort as efficiently as possible. should go much faster for OHS since the west side is already free of camps and sidewalk has already been pressure washed.

please let me know the best time to have my fencing crew there. i tentatively have them scheduled for 10am.

oh, i will post our sidewalk fencing permit tomorrow morning giving everyone at least three days to move.

btw... we also need to fence the north sidewalk along 5th just east of 4th for about 150 feet. when is operation healthy streets cleaning that?

best,
m

Subject: Re: have you two discussed ada clearance yet?

thanks kurt, i've copied captain leslie here...

i am no expert. but 36" is clearly not adequate and nearly impossible to consistently enforce. camps are messy organic shaped obstacles. feces, urine, trash, boxes, bikes, tents and even passed out people on heroin are all pedestrian and ADA obstacles that move around throughout the day. we need at least 64" along any path greater than 24" and at least 36" clear at any single obstacle less than 24". the math is simple, how is a wheelchair supposed to turnaround following a long path (sometimes more than 100 feet) that's only 36" wide when it requires a 60" turning diameter? that would be scary and dangerous and not fair to someone in a wheelchair. and what if two wheelchairs encountered each other along a 36" corridor, they'd be stuck or have to back out. get it? the logic is simple and that's why the ADA code is what it is. i'm not sure which cases you are referring to, but perhaps the resolution has been taken out of context? please work directly with the city of LA ADA department on this. geoffrey has a very solid interpretation. geoffrey please share with kurt and lapd.

also, i spoke at length with sgt walker yesterday. he is under the impression that enforcement of ADA clearance is limited to citations. unfortunately, campers don't seem to mind the citation and continue blocking ADA access anyways. i urge you to have them squeeze there camp down to make 64" clear path of travel or simply move to a larger sidewalk somewhere else. in my opinion, ADA access should always exist 24/7, not just for wheelchairs, but for pedestrians and hand trucks too. without it, we are all forced to risk our lives walking in the street instead of on our sidewalks. this is the public right of way, not the campers right of way, right?

sorry, i know you all care about this just as much as i do. don't mean to overly simplify the situation.

best,
m

On Tue, Mar 21, 2017 at 1:53 PM, Kurt Knecht <kurt.knecht@lacity.org> wrote:
Miguel,

Geoffrey and I have not had that discussion yet regarding the ADA width requirements for sidewalks.

LAPD has generally enforced ADA-relevant charges like 41.18(a) (sidewalk blocking) and 56.11(3) (property on sidewalk) with the 3 feet requirement for space on the sidewalk. From what I can see, this is consistent with what you can find with a search of the settlement agreements on the ADA website: <https://www.ada.gov/>

Ultimately it will be up to the investigative agency to prove ADA violations. The 36 inch requirement for space has generally be used and supported in various court cases. If LAPD uses the 60 inch requirement for any violation, then they will have to justify it thoroughly.

Subject: BOS Permit issue

Hi Captain,

I gave an over view of the issue to the lawyer for Public Works. He said it was common to issue these types of permits for metered spaces and they permits have to be approved by DOT and the council office. He said if you have a copy of the permit, can you please send it to him and then he can also speak with you after he reviews the permit.

I also said the permit allows the trucks to be in the crosswalk and passenger loading zones and that I believed there were there all the time (so not just a once a week or once a month occurrence).

Subject: Re: keith are you getting my emails?

thanks kurt. fyi... ada is only one 56.11 issue on stanford. these are each camps that are greater than 60 gallons along with bulky items attached to buildings and within 10 feet of active doorways and driveways. my understanding is that ADA trumps all of these other issues and is the highest priority. that's why i haven't mentioned these other issues in my emails.

sorry again to be the messenger, but our neighbors and we really need to be able to safely use our sidewalks as soon as possible.

best,
m

Subject: Re: construction fencing on towne avenue

hello keith and bladimir, please confirm you received my request yesterday regarding sidewalk fencing?

the fencing company is coming this friday morning around 7am to install a temporary fence along a long stretch of sidewalk. the sidewalk that's being fenced off runs along the western side of towne avenue from fourth street south (approx 442 feet) past one alley and all the way to the last alley closest to 5th street. the fencing will be installed leaving just enough room for ADA access along the remaining open area of sidewalk.

operation healthy streets was here today and it appears that only 5 or six small tents are left on this particular sidewalk. will you please notify them that they will need to move by friday morning so that the owners of these properties can maintain there buildings?

kurt please chime in and help lapd and sanitation sort this out.

best,
m

Keith,

My colleague (and former supervisor) Assistant City Attorney Gita O'Neill has recently been tasked with addressing homelessness in the City of LA. It's an heroic task she is embracing. Her experience is vast as she has worked on this issue throughout the city. I've invited her to the forum as her experience is invaluable to deal with any issues which may arise.

hello eric, please read the email chain attached. we are requesting the sidewalk along stanford ave between 4th street and 5th street be enforced for 64" ADA access. let me know if you can tackle this on monday with the assistance of bladimir's sanitation department officers. LAPD will back you up if needed...

Nr. Nelson,

Thank you for your email. I am not aware of the 60" clearance path you are requesting we adhere to. I see from the previous emails that it is being researched. Regarding your specific requests, Sergeant Michael Flanagan is the Officer-In-Charge of Central Senior Lead Officers. Can you please contact him (he is cc'd on this email) and schedule a meeting to discuss your specific issues. I believe a close relationship with your Senior Lead Officer would be in the best interest for business ventures.

Respectfully,

hello keith. i've discussed this issue with kurt knecht, geoffrey straniere (LA ADA coordination) and bladimir campos. they are all copied above. my neighbors and i have several ADA sidewalk clearance requests for your team. attached is a photo for our first request...

could you please work together to provide at a clear path at least 60" wide from the corner of crocker and fourth street south all the way to fifth street? there are at least 5 camps currently blocking access. sorry to have to ask. please let me know when you can do this.

best,
m

Hi Sgt Gonzalez

I just receive survey report indicating duration for each of the encampment to be cleaned up tomorrow. Be minded, these are estimated times.

See attachment and advise, thank you Sir. A confirmation list will be forwarded later today.

Warm regards,

Nr. Nelson,

Thank you for your email. I am not aware of the 60" clearance path you are requesting we adhere to. I see from the previous emails that it is being researched. Regarding your specific requests, Sergeant Michael Flanagan is the Officer-In-Charge of Central Senior Lead Officers. Can you please contact him (he is cc'd on this email) and schedule a meeting to discuss your specific issues. I believe a close relationship with your Senior Lead Officer would be in the best interest for business ventures.

Respectfully,

Keith Bertonneau

Geoffrey,

Resident Miguel Nelson says he's discussed ADA with you and that you say the law requires 60" clearance. As it currently stands, Officers enforce a 36" clearance for 41.18(a) which is the width of a wheelchair. Are you aware legally if they have to give them 60" clearance for LAMC 41.18 violations.

SEC. 41.18. SIDEWALKS, PEDESTRIAN SUBWAYS – LOITERING.

(a) No person shall stand in or upon any street, sidewalk or other public way open for pedestrian travel or otherwise occupy any portion thereof in such a manner as to annoy or molest any pedestrian thereon or so as to obstruct or unreasonably interfere with the free passage of pedestrians. (Amended by Ord. No. 137,269, Eff. 10/21/68.)

Thanks,

Kurt

Good afternoon,

Unfortunately, we will not be able to assist with the clean-up on the 22nd. I was told, you were going to forward your clean-up schedule to Operations-Central Bureau, Attention Sergeant II Alberto Gonzalez and have them assist you with the scheduling of area resources. He should be your point of contact so there is no confusion with uniform personnel at your scheduled clean-ups. Just in case, his office number is [\(213\)486-1011](tel:2134861011). I included him on the email just so we can all be on the same page.

Respectfully,

Arturo Siguenas, Sergeant

Homeless Outreach Proactive & Engagement (HOPE)

Officer in Charge

Operations-Central Bureau

I'm available during both those meeting times. I'm cc'ing Nancy Avila from my office as well.

On Thu, Feb 16, 2017 at 9:39 AM, George Yu <geoyu28@aol.com> wrote:

Good morning all,

Pls note attached photo of "Cowboy" with 40oz beer in hand and Tyson at Ai Hoa Market parking lot taken this morning. We could take these photos daily and have discussed the negative impact of transient alcohol issues on our community for far too long.

If it wasn't for the unconditioned and unabated sales of alcohol from Ai Hoa and Won Won, most of our alcohol/drinking in public issues would leave for another community.

I would like to request a mtg with Ai Hoa Market and Won Won Mini Market operators, CD1, LAPD, and City Attys office. I will coordinate the mtg, your attendance would be greatly appreciated.

Please advise of your availability for next Friday 2/24 or Monday 2/27 10:00am at Suite 212 at my office.

Thank you,

George Yu

Hi Gonzalo

161216030 -- 555 N Spring St is included for Wednesday's.

170110005 will be included in next FHE day, which I believe is late February.

Wednesday, February 15th schedule, is for Council priorities.

Best,

On the Road to Zero Waste!
LA Sanitation!
Bladimir Campos

Hi CSI/Bladimir,

Sgt. Aloaf Walker was hoping that the authorizations would be rescheduled for next CD 14 day since last time was spot cleaning?

Authorization #'s
161216030
170110005

Can you please advise if will be done on next CD 14 day?

Lt.,

I know we discussed the issue of security for the cleaners of the restrooms of skidrow. Ari met with the Industrial BID yesterday. I couldn't attend the meeting, but here was my thoughts.

Kurt

I'm sorry I couldn't make it yesterday.

I discussed matter with Lt. Bertonneau, and he expressed the resource difficulty he would have to accompany the daily cleanings.

My thought was that as we get more 56.11 enforcement that we focus around the restroom areas. This may ameliorate any "ownership" feelings that one may acquire if they set up their tent at the restroom.

Absolutely. I would be delighted to meet next week. I am open Tuesday before 11am and Thursday anytime except lunch. I would encourage you to invite LAPD. The special team of officers assigned to skid row is the RESET team, under the direction of Lt. Keith Bertonneau. His email is 27664@lapd.online.

Our BID maintenance teams are experiencing same. In fact, I have had to remove certain streets from our regular sweeping grid. We do litter abatement on those streets only when we can assign security personnel to accompany our maintenance workers. Our clean team workers have been attacked and threatened.

Hi Estela,

I've been working with J Francois and Guillermo from JCDecaux about safety concerns for their maintenance/repairs team while assisting APTs in Skid Row. I wanted to introduce them to you in hopes of setting up a meeting between us. My hopes are that better coordination with your top-notch IDBID safety team could help to ease some of the issues.

Let us know if you have some time to meet next week.

Many thanks,

Ari

Good morning Mr. Campos,

Thank you for your continued help in our area. I know that we've made significant progress in cleaning up Omar Street between 3rd and 4th and it's my understanding that a clean-up was done yesterday, however the same players are already starting to accumulate new items. We hit the area this morning and issued approximately 6 citations. We made it clear that the collection of items that block the sidewalk and street would not be allowed. I've attached photographs from this morning. Of note there is a "corral" of pallets covered with green tarps just north of 4th St.

We would like to reschedule this area for a clean-up so that we don't lose all the progress we've made. Is this email sufficient to generate a request?

Please note that I will be on loan to Jail Division and unable to coordinate going forward. Please contact Sergeant II Aloaf Walker if additional coordination is necessary.

Very respectfully,

Sergeant James Jensen, #36273

Subject: Re: 4th and towne scaffolding

thanks keith, we did start construction and our sidewalk was totally cleared by your officers back on nov 28. thank you. we took a break over the holiday and returned jan 2nd to discover six new campsites. we have been working with central city east bicycle squad trying to move them this week to no avail. now its even more critical because scaffolding goes up monday morning.

regarding sergeant flanigan, i am unaware that i missed a meeting with him? maybe he confused me with someone else or maybe my memory is escaping me? either way, im sorry about that! please forward his phone and email and see if he is available monday at 7am?

thanks again for all of your help.

Mr. Nelson,

I will advise my units to go by your location and encourage the individuals to move their encampments to make way for your construction.

I was wondering if you could provide me with a little clarification. Back in November, you contacted me looking for assistance because you were going to begin construction on November 28th. My units were out there on a daily basis several days prior to the 28th. However, I did not see any construction take place. Did you do any work at that time or did my officers and myself miss it?

In addition, several weeks ago I reached out to our Senior Lead Sergeant (Mike Flanagan) and asked him to make contact with you. Sergeant Flanagan advised me that he scheduled a meeting with you. The day of he meeting he responded to your location and you were not present. I encourage you to contact Sergeant Flanagan and possibly reschedule your meeting. He can be an excellent point of contact and assist with accommodating your needs.

Subject: Re: 4th and towne scaffolding

hi team. bladimir says sanitation can't help with this one since their rapid response unit isn't operational yet. i've copied estela in here since fred and ed aren't answering. keith, could you please have your officers stop by today and over the weekend to alert these campsites that our scaffolding is going up at 7am on monday morning? and then could you please have officer there monday morning at 7am to insure the camps are moving?

sorry, but i don't really know who else to ask. its extremely dangerous to have campsites there, we are demolishing the building and required to barricade and scaffold that sidewalk.

best,

m

Subject: Re: 4th and towne scaffolding

hi team. bladimir says sanitation can't help with this one since their rapid response unit isn't operational yet. i've copied estela in here since fred and ed aren't answering. keith, could you please have your officers stop by today and over the weekend to alert these campsites that our scaffolding is going up at 7am on monday morning? and then could you please have officer there monday morning at 7am to insure the camps are moving?

sorry, but i don't really know who else to ask. its extremely dangerous to have campsites there, we are demolishing the building and required to barricade and scaffold that sidewalk.

best,

m

thanks keith, we did start construction and our sidewalk was totally cleared by your officers back on nov 28. thank you. we took a break over the holiday and returned jan 2nd to discover six new campsites. we have been working with central city east bicycle squad trying to move them this week to no avail. now its even more critical because scaffolding goes up monday morning.

regarding sergeant flanagan, i am unaware that i missed a meeting with him? maybe he confused me with someone else or maybe my memory is escaping me? either way, im sorry about that! please forward his phone and email and see if he is available monday at 7am?

thanks again for all of your help.

On Jan 13, 2017, at 2:29 PM, Keith Bertonneau <27664@lapd.online> wrote:

Mr. Nelson,

I will advise my units to go by your location and encourage the individuals to move their encampments to make way for your construction.

I was wondering if you could provide me with a little clarification. Back in November, you contacted me looking for assistance because you were going to begin construction on November 28th. My units were out there on a daily basis several days prior to the 28th. However, I did not see any construction take place. Did you do any work at that time or did my officers and myself miss it?

In addition, several weeks ago I reached out to our Senior Lead Sergeant (Mike Flanagan) and asked him to make contact with you. Sergeant Flanagan advised me that he scheduled a meeting with you. The day of he meeting he responded to your location and you were not present. I encourage you to contact Sergeant Flanagan and possibly reschedule your meeting. He can be an excellent point of contact and assist with accommodating your needs.

Respectfully,

Keith Bertonneau

Subject: Encampment at [REDACTED] Street

RESET TEAM,

City Attorney Mike Feuer received an email from Dale Nohre who lives at [REDACTED] Street. Mr. Nohre is complaining about an encampment on the west sidewalk of Maple Street between 7th and 8th. I've now been asked to respond to this complaint. I'm going to set up a meeting with him at the scene to evaluate the appropriate referrals and explain the nature of resources that we have to deal with the issue. I'll keep you posted as to the time of the meeting. Most likely, we'll be looking for a Sanitation clean up referral as well as law enforcement for 41.18(a) ADA violations.

Here is the email from Mr. Nohre:

----- Forwarded message -----
From: **Nohre, Dale** <[REDACTED]>

Date: Wed, Nov 16, 2016 at 4:11 PM
Subject: Maple Street - between 7th and 8th
To: "mike.n.feuer@lacity.org" <mike.n.feuer@lacity.org>

Hi, I live in Santee Village at [REDACTED] Street. I have lived here since 2007.

I recently contacted the Fashion District BID because it is no longer possible to walk on the west sidewalk on Maple St, between 7th and 8th. It hasn't been possible for months now, but I just finally contacted the BID to see what is going on.

They told me they are aware but getting little cooperation from the City Attorney and LAPD.

I understand homelessness is an issue in our city and I have lived amongst it for many years now. However, there is a safety issue for myself and other pedestrians when we need to walk in the street because of tents blocking the sidewalk. Is there a reason this particular section is allowed to keep tents on the sidewalk 24x7?

I would just like to voice my concern as I don't think it should be allowed.

Thank you.

Dale

Rainfall Notice!

Good Morning Sir,

Requesting direction on rainy day clean-ups for today, **Tuesday, January 10, 2017**, as per LAMC 56.11.7 and Step #4 of 56.11 Protocol #3.

Due to the amount of rainfall over the night and this morning health hazard determinations will be difficult to perform by our staff in the field. It is recommended that spot cleaning be performed instead for **OHS and CSLA operations**. Please advise?

LAMC 56.11

7. Ban on Erection of Tent during Certain Daytime Hours. No Person shall erect, configure or construct a Tent in any Public Area from 6:00 a.m. to 9:00 p.m. (except during rainfall or when the temperature is below 50 degrees Fahrenheit). A Person must take down, fold, deconstruct or put away any Tent erected, configured or constructed in any Public Area between the hours of 6:00 a.m. and 9:00 p.m. (except during rainfall or when the temperature is below 50 degrees Fahrenheit). Without prior notice, the City may deconstruct and may impound any Tent, whether Attended or Unattended, located in any Public Area in violation of this subsection or in violation of Subsections 3(c)-(h) hereof. The City shall provide post-removal notice for any impounded Tent, as set forth in Subsection 4(b), herein.

LAMC 56.11, Protocol #3

Step #4 – At the time of arrival, if it is raining and/or the temperature is below 50 degrees Fahrenheit, LASAN shall consider whether to postpone the clean-up after consultation with LASAN Management.

Subject: Fwd: HE Clean-Ups: Weather Notice - Rainfall

Hello OHS/CSLA,

The comprehensive cleanups have been canceled due to the rain. We will try to perform spot cleaning instead (weather permitting).

Regards,

Hi Steve,

Requesting direction on rainy day weather clean-ups for today, **Thursday, January 5, 2017 at 0830 hours**, as per LAMC 56.11.7 and Step #4 of 56.11 Protocol #3.

Due to the amount of rainfall reported by the OHS Skid Row and CSLA CD's 03,05, and 09 clean-up field crews this morning, health hazard determinations will be difficult to perform by our staff in the field. It is recommended that spot cleaning be performed instead. The clean-up crews are standing by. Please advise?

LAMC 56.11

7. Ban on Erection of Tent during Certain Daytime Hours. No Person shall erect, configure or construct a Tent in any Public Area from 6:00 a.m. to 9:00 p.m. (except during rainfall or when the temperature is below 50 degrees Fahrenheit). A Person must take down, fold, deconstruct or put away any Tent erected, configured or constructed in any Public Area between the hours of 6:00 a.m. and 9:00 p.m.(except during rainfall or when the temperature is below 50 degrees Fahrenheit). Without prior notice, the City may deconstruct and may impound any Tent, whether Attended or Unattended, located in any Public Area in violation of this subsection or in violation of Subsections 3(c)-(h) hereof. The City shall provide post-removal notice for any impounded Tent, as set forth in Subsection 4(b), herein.

LAMC 56.11, Protocol #3

Step #4 – At the time of arrival, if it is raining and/or the temperature is below 50 degrees Fahrenheit, LASAN shall consider whether to postpone the clean-up after consultation with LASAN Management.

Regards

Howard Wong

Chief and Commander good morning

I am forwarding this email from Sergeant Min, Rampart Vice as an information only on a warehouse that is in violation of building and safety concerns.

Robert,

I know DSVD and Bureau were concerned with warehouse type locations hosting parties
involving alcohol, especially after hours. [REDACTED]
